Dear Study Nelson Team, Dear Birgit & David,

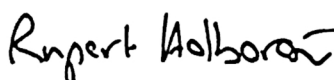

I would like to congratulate you on the 20th anniversary of Study Nelson!

On behalf of the New Zealand Embassy I'd like to acknowledge the important contribution you have made to the Nelson/Marlborough community, and more broadly the New Zealand-German bilateral relationship over the past 20 years.

It has been both significant and valued. Thank you for all the hard work you have been putting in to ensure that German students have an unforgettable experience in New Zealand and become life-long Kiwi Ambassadors. Those students represent life-long assets to New Zealand.

Keep up the great work!

Yours sincerely,

HE Rupert Holborow
